Subject: Advance Notice - System changes affecting the XML API

Follow Up Flag: Follow up
Flag Status: Flagged

Dear All,

Due to security and data protection requirements we intend to make a change to both our test and live environments whereby requests will only be accepted via https. Please be aware that after this change takes place, requests via http will no longer be accepted and you will receive a TCP reject packet. This change will increase security, thereby offering increased safety to both you and GTA.

The changes to the **TEST** system will take place at **10.00am BST** on **14th August 2007**.

The changes to the **LIVE** system will take place at **10.00am GMT** on **13th November 2007**.

Should you have any queries regarding this please do not hesitate to contact us at technical.support@gta-travel.com.

Kind Regards,
Isurie Nagahawatte
